

# Welcome to our Cozy Mount Doug Retreat!

Thank you for booking a stay with us. Your hosts are Kathryn, Gordon and Sunny the Golden Retriever. We are pleased to provide you with some information to help you enjoy your visit:

**WiFi:** TELUS1716 | **Password:** 5sqn32dbh4

**TV, Cable and Netflix:** Your suite includes basic/on-demand cable and Netflix for your viewing enjoyment. We have set up your own Netflix profile so you can pick up your viewing where you left off.

**Doing Laundry:** Your suite is equipped with a washer/dryer combination unit, laundry detergent and softener. [Here is a link to a quick video that shows how to use the machine.](#) Since we provide you with TidePods, all you need to do is toss one in with your load instead of using the detergent dispenser. Please remember to only fill unit ½ full to help ensure that your clothes are properly cleaned and dried.

**Fireplace Climate Control:** One of the nice things about the suite, is that it is naturally cool in summer and warm in the winter. However, if the temperature is not to your liking, you do have climate control. You will notice the thermostat on the wall. The switch is set to “off” by default during summer months. If you find it cool, turn the switch to the “On” position and use the up/down arrow buttons to your preferred temperature and the fireplace will automatically turn on and off accordingly.

**Enjoying Mount Doug Park:** We are located on Mt. Doug Park. There are several entrances to the park within a few doors of your suite – one is to the left, a few doors down across the street and another entrance off Woodcrest. [Here is a map of the park for your convenience.](#)
